For TV, DVD and Blu-ray optimised reproduction

PRODUCT DETAILS

Sound

40 mm driver units and a "Powerful Bass Duct" accurately reproduce low frequencies and deliver dynamic, deep and powerful bass sound.

Design

A 3.5 m long single-sided cord stays tangle-free and is easy to use for watching TV or listening from a distance.

Fit

The comfortable self-adjusting headband system, which automatically adjusts the length of headband to the user's head, ensures a perfect and secure fit at all times. The comfortable leather-type ear pads on the SE-M521 make these headphones perfect to wear.

Audio features

- Extremely wide frequency range represents the finest sound details
- Large-volume 40 mm drivers for powerful bass reproduction
- Frequency Response 7 - 40,000 Hz
- Impedance 32 Ohm
- Maximum Capacity 1200 mW
- Maximum Efficiency 97 dB
- 3.5 mm jack connection (gold plated)
