PRODUCT DETAILS

Universal DISC player flaship for UHD BD, BD, DVD and CD

This flagship universal disc player is the embodiment of Pioneer's considerable expertise amassed over the years through the development of successive optical disc players. Elaborately engineered for the ideal disc playback, the UDP-LX800 features extremely rigid construction to achieve high S/N ratio for quality audio and video performance. With support for the latest Ultra HD Blu-ray™ format, you can enjoy the beautiful spectacle with four times the resolution of 1080p Full HD. Two ESS SABRE PRO Series DACs are used in parallel to provide audiophile sound. Other features include SDR/HDR Preset Mode, Direct/Transport Function, and XLR balanced output terminal.
