PRODUCT DETAILS

Small device, great convenience!

The X-HM32V lets you listen to your favourite music from many different sources. It has an integrated CD/DVD drive and offers DVD playback via HDMI. It also plays your MP3s and WMA audio files - via the front USB - from the newest iPod/iPhone/iPad or from other devices.

Do you want to stream your music wirelessly? Connect any Bluetooth enabled device once and BT Auto Connect will remember it later. BT Stand-by allows you to start the music without even touching the system. This way, you can enjoy your wireless music effortlessly, without hassle.

The X-HM32V is available in Black (X-HM32V-K) and Silver (X-HM32V-S).

Powerful performance

The X-HM32V comes with two 30 watts, 2-way bass reflex speakers that are optimally tuned to deliver high quality and powerful sound.

Wireless streaming APP

The freely available Wireless Streaming App (iOS / Android) allows you to customise your Bluetooth wireless music for an optimal listening experience.

Enjoy your iTunes music

Connect your iPod, iPad, or iPhone via the front USB and browse easily through your iTunes music library. Play back your music with an amazing sound quality.
