Wireless satellite speakers for the FAYOLA Wireless Music System

PRODUCT DETAILS

Turn you Fayola wireless music system into an impressive surround sound system

The FS-S40 Wireless Stereo Speakers are available as an optional extra and extend the FS-W40 and FS-W50 FAYOLA Wireless Music Systems to a full-fledged home entertainment system with multi-channel playback in 4.0 or 4.1 for captivating home theatre enjoyment.

Whether in stereo or multi-channel operation – playback is free of any latency and takes place synchronously over all loudspeakers of your FAYOLA Wireless Music System. The optional satellite speakers are automatically integrated in your system after a network rescanning of the media centre.

Audio Merkmale

- Tweeter 2 cm
- Woofer 9 cm
- Closed Box
