PRODUCT DETAILS

Classy sound and uncompromising features

By choosing this compact music system you definitely make the right decision. On the one hand you will be delighted by the balanced sound of the supplied two-way boxes right away. On the other hand you will always be amazed at how versatile and intuitive the network CD receiver of the X-HM 76 gives you access to your favourite music. Its streaming section is richly equipped for every facet of the modern, digital music world. In addition to free Internet Radio it also supports streaming services that provide you with free access to tens of millions of tracks for a small monthly fee. Such as Spotify, Deezer and Tidal for instance. Audiophile music lovers can download albums in hi-res quality, even in the DSD SACD audio format and stream them via the network over the X-HM 76.
