SX-S30DAB Wireless Stereo Receiver with DAB+, black

156677

Stereo Receiver with 2x80 Watts, 4 HDMI-Inputs, MCACC, preinstalled Streaming Services, Bluetooth, WiFi and HiRes-Networkplayer

PRODUCT DETAILS

High-tech in slimline format for stereo purists

With the SX-S30DAB, all modern media and convenience features find their way to your stereo system: Stream music in CD quality from one of the integrated internet music services like Tidal, Spotify and Deezer (subscription required), listen to HiRes downloads via the network players, discover the huge selection of stations on the TuneIn web radio or send music from your smartphone to your system.

You can use Bluetooth, AirPlay or Chromecast built-in to do that - the SX-S30DAB is designed to meet your needs and does not even need a dedicated network cable thanks to its built-in, powerful DualBand WiFi.

The SX-S30DAB also gets the best out of the sound from TV, satellite receiver or Blu-ray player. With its four HDMI inputs, it receives all movie sound formats and calculates a stereo downmix tailored for your speakers and of course with subwoofer signal and individual space correction by the microphone-assisted calibration system MCACC if desired.

And if you're going to buy an UltraHD player, the SX-S30DAB is the perfect all-in-one connectivity between player and TV with full 4K and HDR capability. In addition to digital high-tech, the Pioneer engineers have not forgotten the classic amplifiers in the SX-S30DAB: its Class-D power amplifiers with 80 watts per channel are powerful enough for demanding speakers, and if you do not want to miss the nostalgic sound of vinyl records, there is also dedicated phono input available.

After the next update, the SX-S30DAB can distribute the LP sound or any other sources even in the whole house. The new powerful multiroom standard FlareConnect makes it possible with a constantly growing family of compatible devices.

Audio features

- Channels: 2

Copyright © 2022 ATS trade & service GmbH All Rights Reserved.
- Amplification Type: Class D
- 85 W/ch (4 ohms, 1 kHz, THD 1.0 %, 1ch Driven)
- DAB/DAB+ Tuner
- FM Tuner with 40 Station Presets
- MCACC Auto Room Tuning
- Phase Control
- Subwoofer EQ (4 Band)
- DSD Playback via Network/USB (5.6 MHz/2.8 MHz)
- DSD Disc (SACD) Playback via HDMI (2.8 MHz)
- Digital Core Engine with Cirrus Logic (Quad Core) x1
- Advanced Sound Retriever

#### Video Codecs & Formats

- Max. resolution: 4K UHD

#### Video Connections

- HDMI in: 4
- HDMI out: 1

#### Audio Inputs

- Coaxial: 1
- HDMI 2.0: 4
- HDMI 2.0 (Arc): 1
- Optical/Toslink: 1
- Phono (MM): 1
- Input level & impedance phono (MM): 6 mV/47 k
- RCA: 2
- Input level & impedance RCA: 200 mV/47 k
- Music streaming services: Deezer, Spotify, Tidal, TuneIn

#### Ethernet: 1

#### USB 2.0: 1

#### Wireless: Wifi 2.4GHz/5GHz
**Amplification**

- THD at rated output (4): 1
- S/N ratio: 80
- Speaker impedance: 4-8
- S/N ratio phono: 70
- Channels: 2.1

**Audio Outputs**

- Power & impedance 3.5mm jack: 85 mW (32 Ω 1kHz 10% THD)
- Subwoofer pre-out: 1
- Output level & impedance subwoofer: 1 V/470

**Audio Codecs & Formats**

- Codecs & certifications: Dolby Digital, Dolby TrueHD, DTS-HD Master Audio
- Room correction: MCACC
- Supported file formats: MP3, WMA, WAV, AIFF, AAC, FLAC, ALAC, DSD
- Bluetooth codecs: AAC, SBC
- Bluetooth version: 4.1

**Energy Management**

- Power consumption: 0.38-55

**Dimensions and Weight**

- Product height: 7.8
- Product width: 43.5
- Product length: 33
- Product weight: 4
- Packsize height: 21
- Packsize width: 55.2
- Packsize length: 39.4
- Packaged weight: 5.2

**Control Methods**

- Controls: On Device, Remote Control, App Controlled
- Controller app: Apple Airplay, Flare Connect, DTS Play-Fi, Proprietary App
