PRODUCT DETAILS

The challenging solution for all streaming tasks

The N-50AE is designed to give musicians maximum freedom and diversity. No matter which path you prefer, discover and enjoy music, whether it's a smartphone, cloud music services, a local NAS server, a USB hard disk or simply a PC: the new N-50AE streaming unit always opens up music the ideal playback option, without you having to think about it or even get used to it. The integrated streaming services Tidal, Deezer and Spotify, DLNA streaming with full HiRes and DSD support, Tuneln's premium Web radio offering as well as AirPlay, integrated Chromecast technology for connecting mobile devices ensure an inexhaustible music repertoire.

Flareconnect multiroom technology

FlareConnect™ shares audio from network and external audio input sources between compatible components. Enjoy effortless multiroom playback of LP records, CDs, network music services, and more with supported components and speaker systems. Music selection, speaker grouping, and playback management across the home are built into the Pioneer Remote App.

BUILT-IN DUAL BAND WI-FI

Enjoy network features such as Hi-Res Audio streaming via wireless LAN connection. The built-in Wi-Fi is dual band, supporting both 5 GHz and 2.4 GHz frequency channels. By using the 5 GHz band, you can enjoy steady and uninterrupted streaming of large Hi-Res Audio files.

Plug and play external HDD

Connect an external HDD via USB, and you can easily listen to your whole music library without using your PC. You can even move files from your PC to the HDD via the home network while the HDD is connected to the N-70AE / N-50AE.

3.5" colour LCD display

The N-70AE / N-50AE features a 3.5" colour LCD display with a user-friendly GUI. Enjoy viewing the

album artwork while listening to the song.
